说明:

- 1、字段说明
 - a) 前缀 s 表示字符串,如 sUserTel 字符串类型
 - b) 前缀 n 表示整型,如 nGoodsCat 整型
 - c) 前缀 f 表示浮点型,默认两位小数点,如 fMoney 浮点型
- 2、所有接口都需要密钥才能访问,密钥有过期时间

1、接口访问密钥获取(user.api-authkey)

http://jieyan.apptech.space/mobile.php/user.api-authkey/?

参数	类型	值	说明	备注
user_name	string		11 位手机号码	必填
password	string		密码	必填

```
返回值:
{
    "code": "200",
    "msg": "success",
    "access_token": "9454yomMQG5MOcfOxNHwrxM5thlgd7Atw9VPmW6u"
}
```

2、注册(user.api-sendCode/verityCode/register)

1) 发送验证码

http://jieyan.apptech.space/mobile.php/user.api-sendCode/?

参数	类型	值	说明	备注
sMobile	string		11 位手机号	必填

```
{
    "code": -1,
    "msg": "请重发短信/该手机号码已经注册",
    "data": []
}
{
    "code": 200,
    "msg": "success",
    "data": []
}
```

2) 校验验证码

http://jieyan.apptech.space/mobile.php/user.api-verityCode/?

参数	类型	值	说明	备注
sMobile	string		11 位手机号	必填
sCode	string		验证码	必填

```
{
        "code": -1,
        "msg": "手机号码格式错误/验证码错误",
        "data": []
}
{
        "code": 200,
        "msg": "success",
        "data": []
}
```

3) 注册

http://jieyan.apptech.space/mobile.php/user.api-register/?

参数	值	说明	备注
sMobile		账号	必填
sPassword		密码	必填
sCode		验证码	必填

{
 "code": -1,
 "msg": "验证码错误/手机号不正确/密码至少 6 位/手机号已被占用",
 "data": []
}

3、登陆(user.api-login)

http://jieyan.apptech.space/mobile.php/user.api-login/?

参数	类型	值	说明	备注
sMobile	string		用户手机	必填
sPassword	string		密码	必填
{				

"code": -1, "msg": "输入的密码有误/输入的账号不存在", "data": []

4、忘记密码(user.api-sendCode/forgetPassword)

1) 发送验证码

}

http://jieyan.apptech.space/mobile.php/user.api-sendCode/?

参数	值	说明	备注
sMobile		11 位手机号	必填

2)修改密码

http://jieyan.apptech.space/mobile.php/user.api-forgetPassword/?

参数	值	说明	备注
access_token		接口密钥	必填
sMobile		11 位手机号	必填
sCode		验证码	必填
sPassword		新密码	必填

"code": -1,

"msg": "验证码错误",

```
"data": []
}
{
    "code": -2,
    "msg": "系统错误",
    "data": []
}
```

5、修改密码(user.api-updatePassword)

http://jievan.apptech.space/mobile.php/user.api-updatePassword/?

参数	值	说明	备注	
access_token		接口密钥	必填	
sMobile		11 位手机号	必填	
sPassword		密码	必填	
newPassword		新密码	必填	
newRepPassword		新密码确认	必填	

6、新闻分类 (news.api-cat)

},

http://jieyan.apptech.space/mobile.php/news.api-cat/?

```
参数
                                                                                  备注
                     类型
                                值
                                                           说明
        {
             "code": "200",
             "msg": "sucess",
             "data": [
                 {
                     "id": "3",
                     "sCatName": "无烟单位创建",
                     "son": [
                         {
                             "id": "11",
                             "sCatName": "通知公告"
                         },
                         {
                             "id": "12",
                             "sCatName": "申报条件及流程"
                         },
                         {
                             "id": "13",
                             "sCatName": "申报条件及流程"
```

```
{
            "id": "14",
            "sCatName": "特色展示"
        }
    ]
},
{
    "id": "2",
    "sCatName": "健康科普",
    "son": [
        {
            "id": "9",
            "sCatName": "烟草危害"
        },
        {
            "id": "10",
            "sCatName": "劝阻技巧"
        }
    ]
},
{
    "id": "1",
    "sCatName": "新闻动态",
    "son": [
        {
            "id": "4",
            "sCatName": "本市动态"
        },
        {
            "id": "5",
            "sCatName": "国内动态"
        },
        {
            "id": "6",
            "sCatName": "国际动态"
        },
        {
            "id": "7",
            "sCatName": "政策法规"
        },
        {
            "id": "8",
            "sCatName": "研究成果发布"
        }
```

```
]
}
]
```

7、新闻列表 (news.api-index)

http://jieyan.apptech.space/mobile.php/news.api-index/?

参数	类型	值	说明	备注
cat_id	int		新闻分类 id	必填

```
{
     "code": "200",
     "msg": "sucess",
     "data": {
          "id": "2",
         "sImage": "",
          "sTitle": "表二 2",
          "sContent": "内容 2",
          "nHit": "0",
          "sUserTel": "",
          "nCatId": "4",
          "nIsDel": "0",
          "nRegisterDate": "0",
          "nUpdateDate": "0"
    }
}
```

8、新闻详细 (news.api-detail)

http://jieyan.apptech.space/mobile.php/news.api-detail/?

参数	类型	值	说明	备注
id	int		新闻 id	必填

```
"sUserTel": "",
               "nCatId": "4",
               "nIsDel": "0",
               "nRegisterDate": "0",
               "nUpdateDate": "0"
          },
               "id": "2",
               "sImage": "",
               "sTitle": "表二 2",
               "sContent": "内容 2",
               "nHit": "0",
               "sUserTel": "",
               "nCatId": "4",
               "nIsDel": "0",
               "nRegisterDate": "0",
               "nUpdateDate": "0"
          }
    ]
}
```

9、戒烟方法 (news.api-method)

http://jieyan.apptech.space/mobile.php/news.api-method/?

参数	类型	值	说明	备注
id	int		详细 id	可选

10、吸烟危害 (news.api-harm)

http://jieyan.apptech.space/mobile.php/news.api-harm/?

参数	类型	值	说明	备注
id	int		详细 id	可选

11、视频列表 (video. api-lists)

http://iievan.apptech.space/mobile.php/video.api-lists/?

参数		类型	值	说明	备注

12、医院列表 (hospital.api-lists)

http://jieyan.apptech.space/mobile.php/hospital.api-lists/?

参数	类型	值	说明	备注

13、论坛列表 (talk.api-lists)

http://jieyan.apptech.space/mobile.php/talk.api-lists/?

```
备注
参数
                        类型
                                      值
                                                                    说明
               {
                    "code": "200",
                    "msg": "sucess",
                    "data": [
                        {
                             "id": "15",
                             "slmage": "",
                             "sTitle": "标题",
                             "sContent": "内容",
                             "nHit": "0",
                             "sUserTel": "13266816551",
                             "nCatId": "0",
                             "nlsDel": "0",
                             "nRegisterDate": "1446538936",
                             "nUpdateDate": "0"
                        },
                         {
                             "id": "16",
                             "slmage": "",
                             "sTitle": "标题",
                             "sContent": "内容",
                             "nHit": "0",
                             "sUserTel": "13266816551",
                             "nCatId": "0",
                             "nIsDel": "0",
                             "nRegisterDate": "1446538957",
                             "nUpdateDate": "0"
                        },
                             "id": "17",
                             "slmage": "",
                             "sTitle": "标题",
```

"sContent": "内容",

14、发布(talk.api-issue)

http://jieyan.apptech.space/mobile.php/talk.api-issue/?

参数	类型	值	说明	备注
sUserTel			手机号码	
sTitle			标题	
sContent			内容	

15、回帖 (talk.api-reply)

http://jieyan.apptech.space/mobile.php/talk.api-reply/?

参数	类型	值	说明	备注
sUserTel			手机号码	
nTalkId			帖子 id	
sContent			内容	

16、详细(talk.api-detail)

http://jieyan.apptech.space/mobile.php/talk.api-detail/?

参数	类型	值	说明	备注
id			手机号码	

```
"code": "200",
"msg": "sucess",
